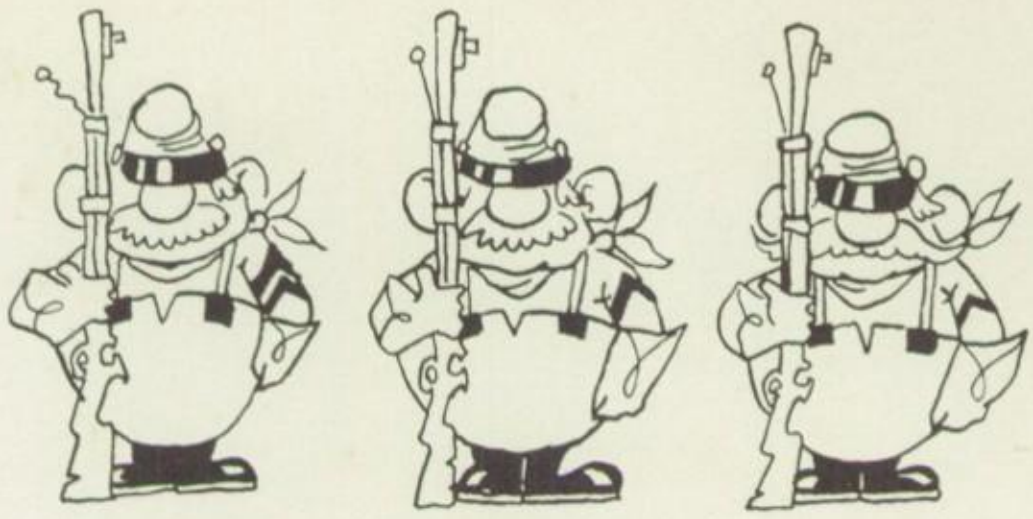
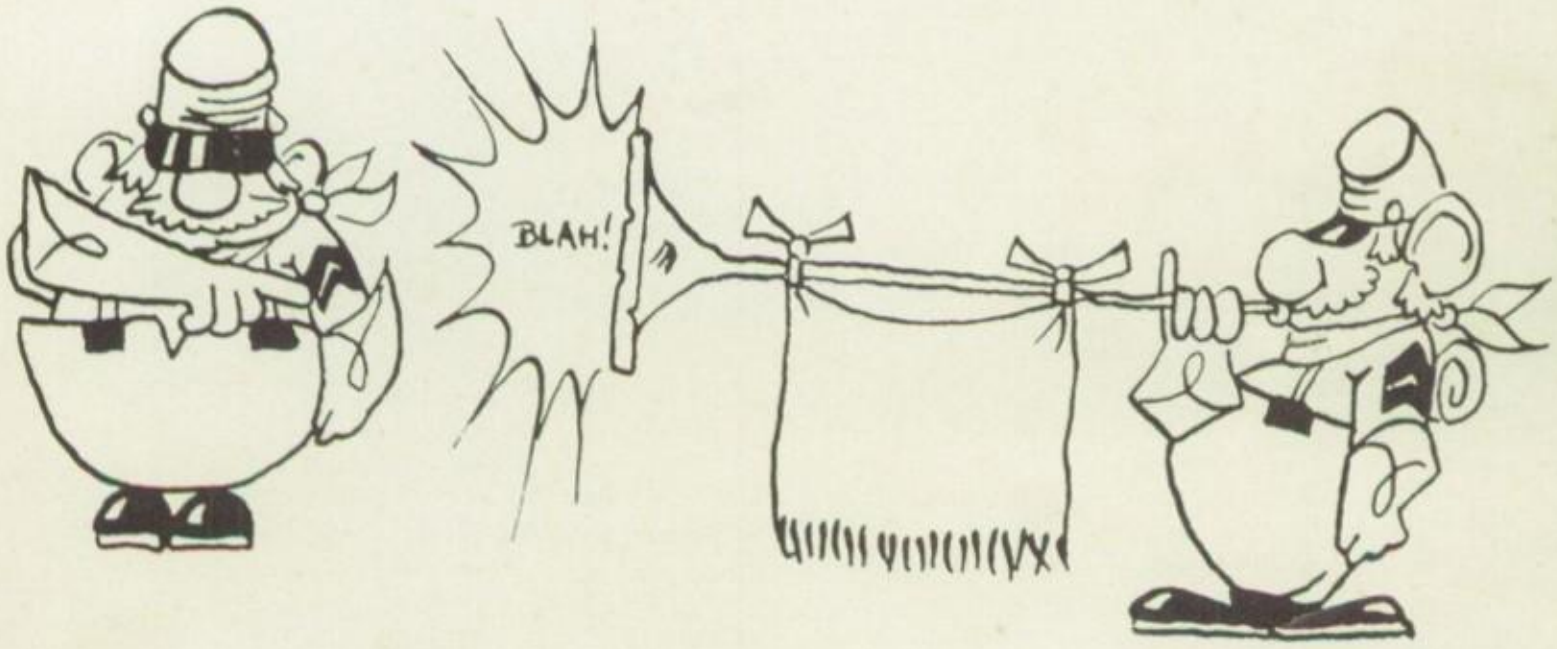
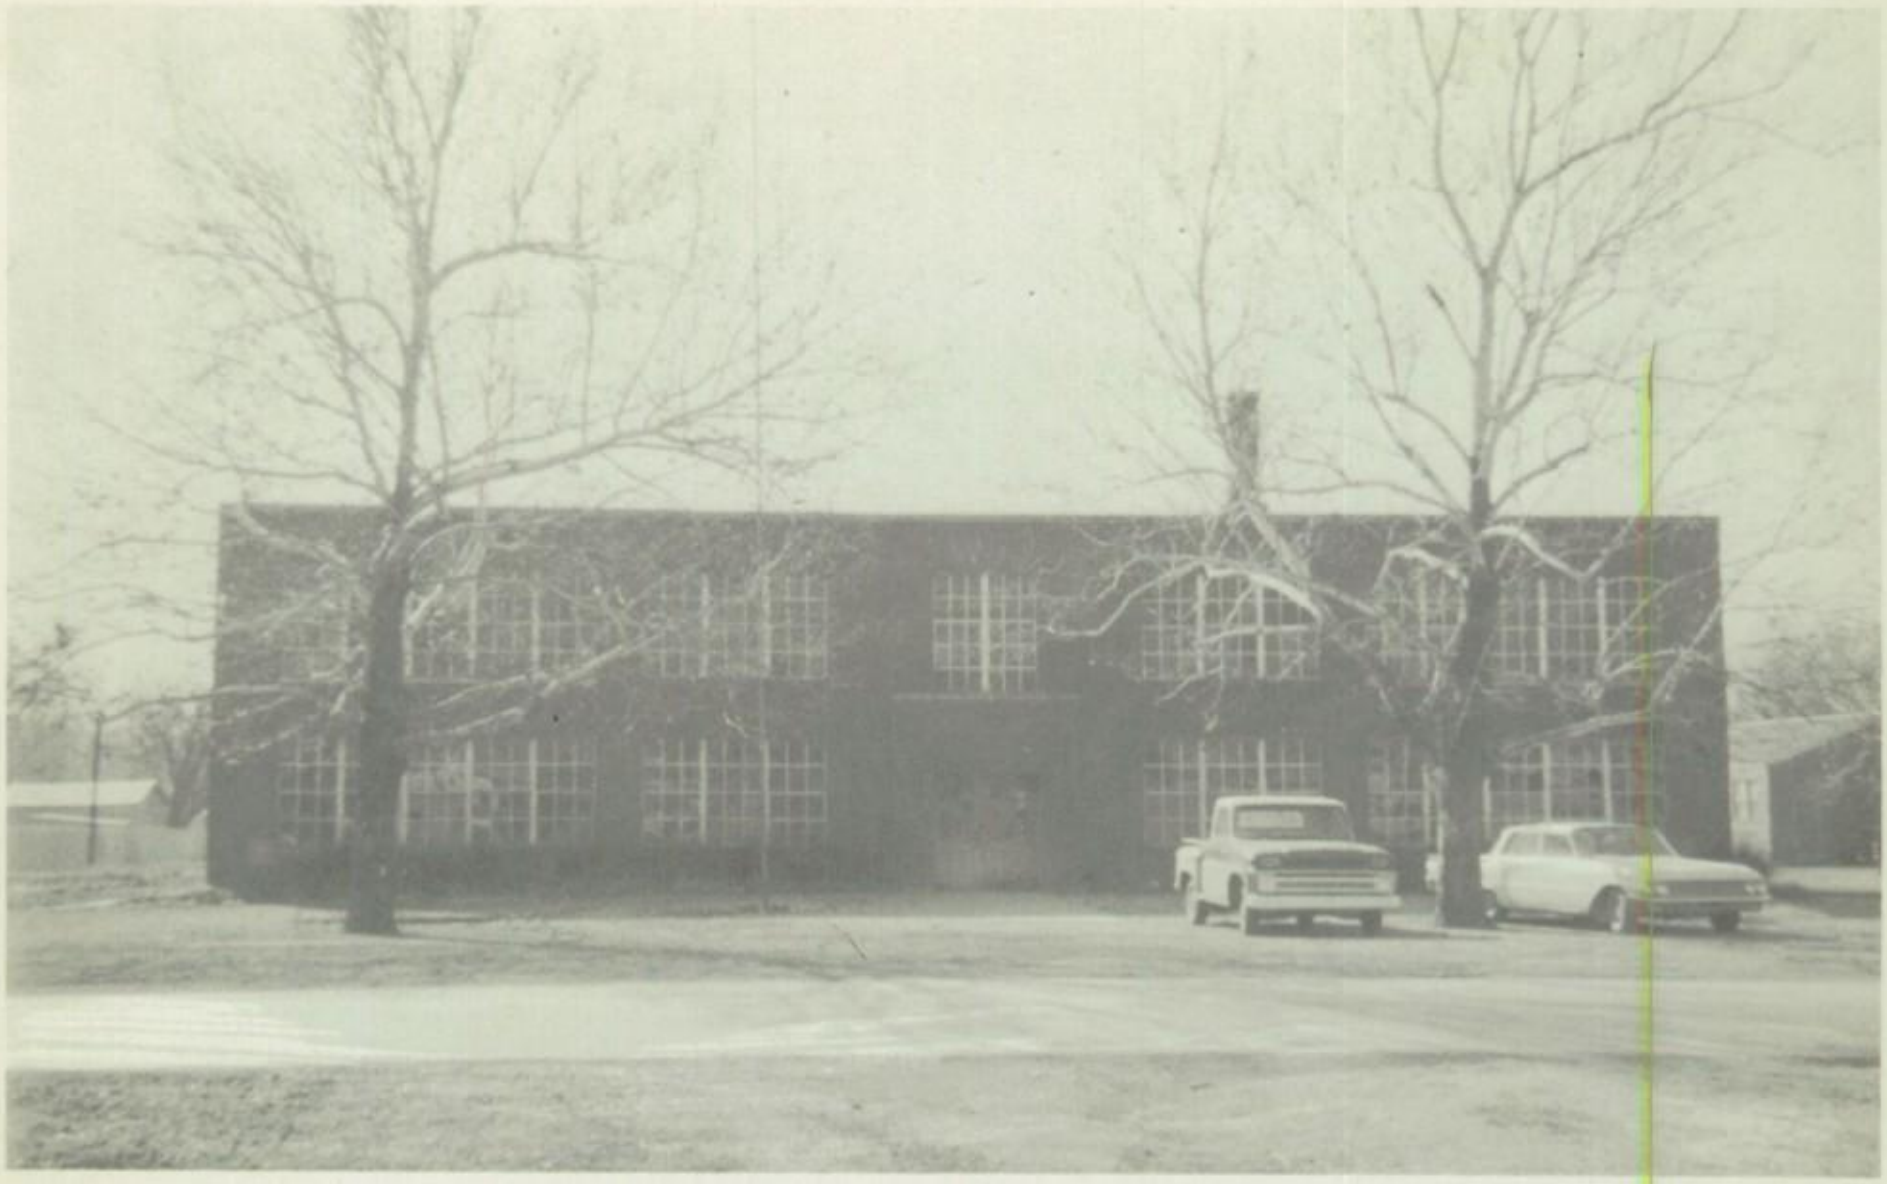
The Miner Staff Of '66



Presents



THE MINER



Hartshorne High School 1920-1965

We, the annual staff, dedicate this yearbook to the old H. H. S. and its Spirit.

For forty-five years, students have filled the classrooms and halls of this building with laughter and happiness, sadness and sorrow. These halls and classrooms are now silent. But the students still remember--they remember the study hall, the library, and the student council "lounge"; the places where the students met and helped create the spirit of H. H. S. They all remember the annual high school plays and pep assemblies. All of these things will remain in the memories of the students who were a part of them.

We have now moved from this building into a new and modern one which will soon have memories of its own.

And so, to this Spirit of H. H. S. we dedicate this yearbook.

Superintendent's Message

The preparation of this fine yearbook de
student body and faculty we have this year.
fine senior class which will leave Hartshorn
like to express my appreciation of workin
students.

Realizing the rapid changes in the wo
society, it is necessary to prepare oursel
We must realize the never changing val
ever changing social and economic valu
crease, we must be able to meet our de
educated manner.

The Hartshorne School System is ma
the opportunities for each student to star
We hope each student will take advanta
school and throughout life.
